

# Список фишинговых интернет-ресурсов

Одним из распространенных способов хищения является фишинг, цель которого - завладеть реквизитами банковской платежной карты

Злоумышленник под любым мошенническим предлогом вынуждает жертву пройти по ссылке на поддельный интернет-ресурс и ввести там номер карты, срок действия и CVV-код, чтобы похитить эти данные и списать денежные средства с банковского счета.

Киберпреступники умело подделывают различные популярные интернет-ресурсы, которые оказывают услуги населению и имеют сервис онлайн-платежей: торговые площадки, службы доставки, сайты сетевых магазинов и т.д.

**Важно!** Если вы являетесь владельцем одного из перечисленных ресурсов и у вас возникли вопросы, обращайтесь в ГУПК МВД по телефонам в Минске: 2187161, 2187101, а также на адрес электронной почты [gupk@htcd.gov.by](mailto:gupk@htcd.gov.by).

**Чтобы не попасть на уловки злоумышленников, смотрите адреса ссылок на наиболее популярные фишинговые интернет-ресурсы:**

**НИКОГДА НЕ ПЕРЕХОДИТЕ ПО ЭТИМ**

**ССЫЛКАМ!!!**
